Oakington Airfield, near Cambridge

SUNDAY 7th MAY 2006

A round of the following Championships

BK COMPETITION TYRES/WARD CONSTRUCTION AEMC Stage Rally Championship

and

The Oakington Challenge / Middlesex Challenge

FOREWORD

Hillbilly motorsport are pleased to support this event run by Green Belt Motor Club and Wickford Auto Club at Oakington in 2006. Hillbilly will have an on site presence to help with all your motorsport needs. Our recently formed company run by motorsport competitors enables us to respond to customer needs be it Race, Rally, Go Karting or the ever expanding Street market. Our catalogue covers various ranges of motoring products but should you require anything out of the ordinary please use our email, web site, call us or just drop in at our shop and workshop for advice.

The stages are totally on concrete/tarmac this year as recent military finds have prevented us from going off road. We will of course try to make the stages a variation from the norm where possible.

Be there on the 7 May at Oakington, or be very disappointed.

THE HILLBILLY OAKINGTON TARMAC STAGES

SUNDAY 7th MAY 2006

SUPPLEMENTARY REGULATIONS

1. ANNOUNCEMENT

Green Belt Motor Club and Wickford Auto Club will promote a National B Permit Multi-use Stage Rally on Sunday 7th May 2006 at Oakington Airfield, Cambridge (MR 154/410655).

A Trophy Rally will also be promoted for those competitors who retire on stages 1 to 4. The Trophy Rally will run after the main event on stages 6 to 8. Competitors must be the original crew and must be re-scrutineered and sign on during stage 5. The Trophy Rally runs to these regulations and the Organisers reserve the right to halt the Trophy Rally at anytime.

2. JURISDICTION

The meeting will be held under the General Regulations of The Motor Sports Association (incorporating the provisions of the International Sporting Code of the FIA), and these Supplementary Regulations.

3. AUTHORISATION

MSA National B Permit Number 35036.

4. ELIGIBILITY

The event is open to fully elected members of the Organising Clubs as well as fully elected members of member clubs of the Association of Eastern Motor Clubs, the London Counties Association of Motor Clubs, the Association of South Eastern Motor Clubs and registered contenders of the BK Competition Tyres/Ward Construction AEMC, and the Oakington Challenge contenders,

All cars complying with MSA Regulation K37 are eligible to take part in this event.

5. All competitors and drivers must produce a valid Competition Licence, Club Membership Card and Championship Registration Card (where appropriate).

6. The event is a qualifying round in the BK Competition Tyres/Ward Construction AEMC Stage Rally Championship and the Oakington Challenge

7. SCRUTINEERING

Scrutineering and Signing On will be from 06.30 to 09.00 hours on Sunday 7th May 2006 at Oakington Airfield. Any competitor not signed by 30 minutes before his/her due start time may be excluded. Individual times of Scrutineering will be advised in the Final Instructions.

8. ROUTE AND FORMAT

The event will take place entirely at Oakington Airfield (entrance via M/R 154/410655). Rally HQ and the single service area will be in this area, where results will be declared and awards presented.

The first car will start at 09.00 hours, the remainder following at 30 second intervals. The last car will finish at around 17.30 hours.

The event will contain 8 special stages with a total mileage of about 60 miles. These stages will be timed to an accuracy of less than one minute in accordance with K32.1(e). The stages will take the form of tarmac and concrete tracks. There is no requirement to use the Public Highway.

9. CLASSES

The event will contain the following classes:

- 1) Two wheel drive up to 1400cc
- 2) Two wheel drive 1401cc to 1600cc
- 3) Two wheel drive 1601cc to 2000cc
- 4) Two wheel drive over 2000cc
- 5) All capacity 4 wheel drive cars homologated into Group N
- 6) All capacity 4 wheel drive cars not eligible for class 5

Historic Rally Cars as defined by K37.10.1

- 7) Up to 1600cc
- 8) Over 1600cc

Post Historic Rally Cars as defined by K37.10.2

- 9) Up to 1600cc
- 10) Over 1600cc

Supercharged or turbocharged engines will be subject to an increase of 70% of their actual capacity in determining class eligibility.

10. SCRUTINEERING AND NOISE TEST

Competitors should make themselves familiar with vehicle regulations applicable to 2006 and ensure their car complies. If in doubt, the advice of the Chief Scrutineer should be sought. All vehicles must comply with MSA Technical Regulations. Limited slip differentials will be permitted. Competitors are reminded that if cars are not currently taxed for the public highway, the registration document must be produced at scrutineering. MSA rally car log books must also be produced at scrutineering (K37.2).

At scrutineering cars will be examined for compliance with tyre and vehicle safety regulations as well as class eligibility. All cars must be fitted with a substantial roll cage and carry fire extinguishers complying with Q3. Crash helmets will be examined for compliance with current regulations (Q10).

A sound test as per E12.17 will be conducted at a location to be advised in the final instructions. Judges will be appointed to report on sound levels. Excessive sound will include instantaneous occurrence of noise such as that produced by backfiring caused by anti-lag systems, The penalty for excessive sound may go as far as exclusion. **A noise reading of 98 dB or less will be required for this event.**

A camera may be carried provided the fitting is specifically approved by the Scrutineer (K37.9.9).

All stage rally cars competing on AEMC events must comply with the following: -

- (i) They must have engine oil catch tanks fitted, complying with J20.9.2.
- (ii) They must have all forward facing light glasses protected to prevent glass spillage in the event of breakage (clear film, tape, etc.).

11. **AWARDS**

AWARDS will be presented as follows:

- | | |
|------------------------------------|-----------------------------------|
| a) 1st Overall | A Trophy and 2 awards |
| b) 1st Novice Crew | 2 awards |
| c) 1st in each class | 2 awards |
| d) 2nd in each class | 2 awards (subject to 5 starters) |
| e) 3rd in each class | 2 awards (subject to 10 starters) |
| f) Best Mixed Crew | 2 awards |
| g) Best Green Belt Motor Club Crew | 2 awards |
| h) Best WAC Crew | 2 awards |

No competitor may win more than one award. Any additional awards may be specified in the Final Instructions.

To qualify for the Best Green Belt Motor Club Crew and WAC Crew award both crew members must be fully elected members of the Club on the 1st May 2006.

A Novice Crew is defined as one in which the nominated driver has not won an award, other than a team, marque or finishers award, on a rally of equal or higher status. All other competitors are Experts, E7.1.4.

The **Trophy** remains the property of the organising clubs and must be returned after 11 months, or prior to the next event, whichever is the sooner.

12. **ENTRIES**

The entry list opens on publication of these Regulations and closes on the 29th April 2006.

15. ROAD BOOK

Entrants will be supplied with Road Book and Time Cards at Signing On. These documents will provide all the information necessary to enable competitors to comply with K32. Servicing will be permitted as per SR22.

16. IDENTIFICATION

Competitors will be identified by competition numbers as per MSA Technical Regulations, which should be supplied by the competitor. All identification must be carried throughout the event and must be removed or covered on finishing the event or retirement, unless the vehicle is to be removed from the venue by trailer.

17. All other General Regulations of the MSA apply as written except for the following, which are modified:

K9.1.3 Only one change of one of the nominated crew members will be allowed between the publication of the entry list and the start of the event.

K25.12 The starting procedure for special stages is as printed except that stages starting at 30 second intervals will not have a "30 seconds to go" verbal warning.

K29.1 Stage arrival controls will open 5 minutes before the due time of the first car and close 7 minutes after the due time of the last car.

K30.4(e) Maximum permitted lateness is 5 minutes

K30.4(f) There is no penalty free lateness

K30.4(i) Competitors will start all stages at 30 second intervals; therefore two cars will be due at each main control per minute.

K30.6 Competitors will be required to make up lateness at rest halts.

18. PENALTIES

Penalties will be in accordance with K31, with the addition of the following: -

K31 (c) is deemed to include deliberately hitting chicanes in order to gain an advantage and taking the wrong route at split junctions.

To be classified as a finisher, a competitor must report to all controls listed in the Road Book and report to the final control within the maximum lateness specified, with the car in which he started.

19. TIMING

The rally will be classified as a Target timed event. Timing will be as per K30.

20. DAMAGE DECLARATION

Competitors will be required to complete and sign a Damage Declaration form. Any information given will not incur a penalty, but failure to hand in a duly completed form will be penalised with exclusion (K35.4/K35.4.1).

21. FINAL INSTRUCTIONS

Final instructions will be sent to the person nominated during the week prior to the event.

22. SERVICING

SERVICING is defined as work being carried out on the competing car by any person other than the competing crew, or the use of any parts or tools not carried in the competing car.

Servicing will only be permitted in the central service area. All parts of the complex will be out of bounds to service vehicles except for the service area and the access road from the main entrance. Service crews will not be permitted to go to the assistance of competitors who break down on a special stage. Cars which are stranded on the stage will have to remain there until the end of the event. The organisers will endeavour to move cars which are in a dangerous position but do not undertake to provide assistance in returning them to the service area.

In the area between the Main Control and the Special Stage Start Control, designated "Parc Ferme", the only work which may be carried out on a car by its crew is the cleaning of lights and windows and the changing of a wheel with a punctured tyre for another being carried in the competing car.

23. JUDGES OF FACT

Judges of Fact appointed by the Organisers will be on duty throughout the event to observe and report upon any competitor considered to be making excessive noise, observed in an out of bounds area, or to be in contravention of the service regulations. The following will be Judges of Fact for the entire event:-

K24.2.11(b) All named Officials and all marshals.

K24.2.11(c) All named Officials and all marshals.

K24.2.11(e) All named Officials, marshals and any J.O.F named for that purpose.

K24.2.11(f) All named Officials, marshals and any J.O.F named for that purpose.

K24.2.11(g) All named Officials and all marshals.

K24.2.11(h) Environmental Scrutineer.

K24.2.11(i) All named Officials and any J.O.F named for that purpose.

K24.2.11(j) All named Officials, marshals and any J.O.F named for that purpose.

K24.2.11(b) Includes the taking of the correct route at a split junction.

All Stage marshals will be Judges of Fact in respect of striking Course Penalty Markers.

25. SAFETY

Since competitors will start all special stages at 30 second intervals and each special stage will consist of two laps of the stage, there will be several cars circulating at any one time. To ensure maximum visibility, competitors will be required to run with headlights on throughout all stages. Failure to comply will be penalised as per SR18.

There will be a split junction at the end of each lap. Count down markers will be positioned on both sides of the track and a split junction board will be situated at the junction. Competitors should take special care to ensure that they know which route to follow on each lap. A Judge of Fact will be observing this junction - **any competitor who overshoots and then reverses to the junction will be EXCLUDED.**

In the event of a serious accident on a special stage requiring the immediate stopping of the stage, a red flag will be displayed at the start line and at marshalling points. Competitors seeing the red flag must stop immediately and not proceed until directed to do so by a marshal. If the red flag has to be used on a special stage, the organisers reserve the right to apply the provisions of K24.2.8.
